- Thursday: PE, Library
- Friday: Tech

## What We Are Learning:

**Reading:** In reading this week we will return to our Schoolwide curriculum to continue working on character traits and figurative language.

**Language Arts:** Our spelling pattern this week are words with the long /o/ sound. There will be a spelling test on Friday. Due to IAR testing we will not have any grammar again. In writing we will work on identifying people and family important to our lives that we can write about. Your child will bring home an interview and I'm asking that they call or meet up with a relative to interview for this assignment that is due back by Friday.

**Math:** We will work on Fractions on a number line this week in math. There will not be a math quiz this week.

**Science:** We will start a new unit about plant and animal life cycles. This unit will connect perfectly with our May field trip.

## At Home:

Please make sure you are initialing your child's reading log each night. I cannot accept reading logs on Friday that have not been signed or initialed. Thank you.

## From the Teacher:

We finally finish IAR testing this week. I am proud of how hard students were working on these tests. The ELA tests have them typing essays, which is difficult for a third grade student. Many typed more than I would have at their age considering how labor intensive typing can be at 8-9 years old.

Please continue to send in permission slips and money for both our PBIS bowling trip and our grade level trip to Little Red Schoolhouse. On the bowling slip, you will need to indicate your child's shoe size as well for their bowling shoes.
