Aug. 23<sup>rd</sup>: Math vocabulary quiz

Aug. 24<sup>th</sup>: Topic A (Lessons 1-3)  
math quiz

Aug. 31<sup>st</sup>: Picture Day

## Our Specials Schedule:

Monday: Tech

Tuesday: Art and PE

Wednesday: Art

Thursday: Library, PE, and Second Step

Friday: Tech

## What We Are Learning:

**Math:** We dive into the first module of Eureka Math this week. We will be learning about multiplication and division. This week will focus on the connection between addition and multiplication, using arrays to solve problems.

**ELA:** We begin the Schoolwide Launch unit this week. This unit is an introduction to genre as we explore a variety of text to learn about ourselves as readers. We do not have spelling words this week.

**Science:** We will not begin science this week.

**Social Studies:** We will begin a unit on Growth Mindset. We will be learning how to believe in ourselves as learners and that mistakes help us learn. Ask your child to show you their growth mindset packet we are using!

## At Home:

Please help your child review and understand their math vocabulary for Thursday's quiz. Check their homework nightly for neatness and accuracy.

## From the Teacher:

Thanks to all the parents that filled out the What's The Buzz on Your Child sheets. I was able to read through them this weekend and have learned so much about the children in our class.

We had fun getting to know each other in class last week. This week we will dive into learning. Meet the Teacher Night is this Wednesday. Mr. Sheldon will meet with parents new to the school at 5:00, then there are two sessions with teachers- 5:30 to 6:00 and 6:05 to 6:35. Hope to see you there!
